

www.3M.com/interconnects

Interconnect Solutions From copper interconnect solutions that enable a range of signal frequencies, to fiber optic solutions, 3M can design, manufacture and market interconnect solutions for many electronic applications.
Flexible Circuits Total packaging solutions include polymer substrate, covercoat, and conductive adhesives.

Panel Mount Indicators - Based LEDs, LED PMP, Military, Neon and Incandescent.
Surface Mount Indicators - *microLED*™ SMT SMDs, Optopipe™ Lightpipes, Prism.
Through Hole Indicators - 2mm-5mm round, rectangular. Full compliment of discrete LEDs.

Custom state of the art LED product solutions - Dialight Engineering Expertise includes optics, mechanical engineering, design tools, electronic design and manufacturing.

Discrete Semiconductors: Schottky diodes and rectifiers, Switching, Zener, Transient Voltage Suppressors (TVSs), Standard, Fast, Ultra-fast and Super-fast recovery rectifiers, Super Barrier Rectifiers (SBR®), Bridge rectifiers, Small signal transistors and MOSFETs, High-density diode and transistor arrays in ultra-miniature surface mount packages.

Analog Semiconductors: Power Management Regulators: low dropout and shunt, Voltage references, Current monitors, MOSFETs: small signal, power, "H"-Bridge and multichip; Low Sat Bipolar Transistors, Motor controllers.

Signal Management Analog filter products, Wideband high-speed: amplifiers, multiplexers, buffers; Varactors, Digital Broadcast by Satellite - Bias and Polarization Controller ICs, Class D audio amplifiers, Siren drivers, Single cell timers. **Lighting Controls** ICs for LED, OLED, High power LED and LCD bias.

Circular and Subminiature Push-Pull Connectors: Rugged, Quick Connect/Disconnect, Multicontact, Signal & Coaxial, Fiber Optic, High Voltage, High Temp, Medical, Industrial. Cable Assemblies.

Madison Cable

www.madisoncable.com

Full cable line including video, high flexibility, industrial, telecommunications, coaxial, serial computing, flat ribbon as well as custom design and full engineering services.

www.northerntech.com

Manufacturer of high performance EMI/RFI shielded and non-shielded connector covers. Category 3 to 5 accessories, over-mold cans, custom hardware and accessories. Featuring the patented NorTech™ Compression Insert System.

www.qualtekusa.com

Qualtek Electronics Corp. is a supplier of EMI Power Line Filters, Power Cords and Cord Sets, AC Receptacles, Fan Accessories, Fan Guards, Circuit Breakers, Heat Shrink Tubing, and Cable Assemblies.

www.sunonamerica.com

DC brushless fans, micro DC blowers, CPU coolers, graphic card coolers and AC fans. Over 700 models are available in sizes ranging from 0.669 inches (17mm) to 10 inches (250mm) and in thicknesses from 0.189 inches (4.8mm) to 1.5 inches (38mm).

www.wilsonhurd.com

Electronic Control Panels Membrane Switch Assemblies, Keypads, Integration of rotary and slide switches into film, completely sealed Piezo Panels. Patented Duraswitch Technologies, PushGate, ThiNcoder RT, MagnaMouse. Complete Turn-key Design and Manufacturing Capabilities.

Nameplates Overlays and Trim Printed overlays, decorative trim and a multitude of capabilities to provide customized components including Embossing, Selective texturing, Colored LED windows, Hard-Coating and Domed Nameplates.
